...making sport work for you

EMPLOYMENT & RECRUITMENT

Sportworks offers solutions to clients in the sport sector to ease the stresses associated with employment and recruitment.

The team of specialists can manage clients' employment needs, from advertising posts to developing person specifications, job descriptions, drawing up contracts and actively employing candidates on behalf of organisations.

With the expertise and dedicated systems to hand, Sportworks employs sports professionals on behalf of governing bodies, school sport partnerships and community volunteering projects.

We also relieve organisations of the burden of managing payroll and pensions systems so they can focus on managing their team.

We have a cost-effective pricing structure which can save organisations money, especially if they are recruiting to multiple positions.

Nick Robb, from Ellis Guildford School Sport Partnership, Nottingham, said:

“ We used Sportworks to assist us with the recruitment, selection and employment of our community sports coaches. Their support was invaluable and the employment service is a really simple and effective way of taking on new staff without the usual bureaucracy associated. ”

Sportworks provides the logistical, technical and management support, promotional expertise and personnel development that helps world-class sportspeople, fixtures and events to succeed. Our goal is to enrich the experience and deliver the results that those who invest in sport pursue
